

ABSTRACT OF THE DISCLOSURE:

A method for performing a transaction between a legal entity A who has an approval to perform such transaction, and a legal entity B over a network, the transaction being initiated by the legal entity A, wherein the legal entity A, to verify the approval to the legal entity B, associates the transaction with a verification insignia, the verification insignia being a unique transitory insignia provided to the legal entity A by a legal entity C who thereby guarantees that the legal entity A has the approval, the provision of the unique transitory insignia to the legal entity A by the legal entity C being conditioned by the legal entity A providing to the legal entity C a secret identification code confirming the identity of the legal entity A to the legal entity C, the legal entity B validating the unique transitory insignia, and upon positive validation, and only then, accepts the transaction, and the transitory unique insignia being invalidated substantially immediately after the validation.

Q. 19. Who is the author of the book of Job?
